IFSO APC President
KAZUNORI KASAMA

WELCOME LETTER

Dear Colleagues and Friends,

the persistence of Covid 19 Pandemic with all related travel restrictions, still make it impossible to meet in person.

Therefore, beyond our will, we still have to reschedule the IFSO-APC Meeting as virtual this year.

We are glad to invite you to join our IFSO-APC Virtual Meeting 2021 which will take place on November 25, 2021.

We hope you don't want to miss the opportunity to meet your colleagues, receive updates, exchange opinions and participate in the debates, even if only online.

We thank you in advance for your support in making the IFSO-APC Virtual Meeting 2021 a great success!

THE IFSO APC SCIENTIFIC ORGANIZING COMMITTEE

ABOUT IFSO-APC

IFSO-APC was founded in September/October 2008 and had its constitution passed by the Executive and Council at the meeting in Argentina.

Formation of this regional chapter will help having IFSO meetings in this part of the world and hence new researches and findings would surface. Along with this, this would also encourage multi-cultural transfers. By enlarging the awareness about Bariatric procedures is on the high all over the Asia-Pacific region. The growing number of societies and Bariatric procedures has been evident.

The founding president was Harry Frydenberg. The committee consisted of two representatives from each founding country, which were:

- India - Sanjay Borude and Shirhari Dhorepatil (OSSI)
- Australia - Harry Frydenberg and Rob Fris (OSSANZ)
- Japan - Isao Kawamura and Iwao Sasaki (JSSOM)

Subsequently Council members from the United Arab Emirates, South Africa, Saudi Arabia and Philippines became affiliated to the APC and the first meeting was held in March 2009 together with the Australian OSSANZ meeting in Cairns, Australia. This was attended by 150 people, of which 30 were from elsewhere in the Asia Pacific area.

Societies of the Asian Pacific Chapter up to September 2021: Australia-New Zealand, China, Hong Kong, Iran, India, Indonesia, Japan, South Korea, Malaysia, Philippines, Singapore, Sri Lanka, Taiwan, Thailand.
